DING, Skrt factory, 221 Spring street, near Hudson.

To DEALERS IN WOVEN SKIRTS.

We hereby give notice that letters patent of the United States have just been granted resting in us the exclusive right to make, sell and use what is known in the market as the "wo-yeu steeledon skirt," whether the springs are inserted while in the looms or afterwards. It is generally known to manufacturers that this skirt is original with us; but, in asmuch as deal era may not be aware of our rights, we hereby notify the trade that the woven skirts cannot be legally sold after this date unless they bear our stamp, or are manufactured by parties holding a license from us, and the name of the manufacturer, and date of the patent, October 4, 1809, must be stamped on each skirt. The fact that we have heretofore stamped our skirts "patent applied for" is well known, and we trust that all honorable merchants, as well as manufacturers, will now voluntarily comply with the requirements of the law, without a necessity for compulsory measures. The trade will please take notice that they will be liable to us for damages for the said call goods manufactured without a license after this date. We are prepared to license responsible parties to manufacture under our patent. Application can be made to Wm. King or S. H. Doughty, 22 John street, who are fully authorized to grant SAMES DRAPER.

Reserva, James Draphe and others.

Buss—as there are two methods of producing the skirt patented to you yesterday, it may be of service definitively to explain its scope of your claim. In one method the hoops are plain its scope of your claim. In one method the hoops are plain its scope of your claim. In one method the hoops are cess of manufacturing the same; in the other method the process of manufactured in a condition ready to receive the hoops are manufactured in a condition ready to receive the hoops are manufactured in a condition ready to receive the hoops are manufactured in a condition ready to receive the hoops are manufactured in a condition ready to receive the hoops are manufactured in a condition ready to receive the hoops are manufactured in the condition of the
